

Mp3 Jon Darling - The Darling Sea

Piano based pop with unmistakable vocals. Jon's voice is hauntingly sweet and his songs are remarkably memorable. 10 MP3 Songs POP: Piano, POP: with Live-band Production Details: When Jon Darling sings 'I helped you out of a hole. So, help me climb out of mine', it's easy to wonder who might have left him in such a dark place. Jon's voice is gentle and unperfected in a fantastic way. His singing reminds me of great vocalists that are not afraid to compromise a perfect performance for passion. Which, in my opinion, is lacking in new pop music altogether.
