

Mp3 Lee Villeneuve - The Therapy Sessions

[DOWNLOAD HERE](#)

With her powerful voice soaring like Benatar and growling like Etheridge, Lee emotionally delivers this collection of well-crafted pop songs on love and heartache and other irritating things. 10 MP3 Songs

POP: Today's Top 40, POP: Power Pop Details: Well established in the Montreal music scene, Lee relocated to New England in 2002 and soon met up with a talented group of local singer-songwriters, who helped her out on her latest solo CD, titled "Clandestiny", released in December of 2005. "The Therapy Sessions", launched in December of 2001, was Lee's first solo release and showcased her soaring vocals and emotionally-charged delivery. Lee doesn't hold back and lets the raw and candid spirit of her songs ring true. This CD received heavy airplay in Canada and two songs charted on the CBC radio network playlists. This eclectic songwriter has had her songs recorded by Canadian blues legend Bob Walsh, Scottish country band Evangeline and French Canadian folkie, Alain Paquette. Lee performs regularly at local venues in New England, both solo and with her talented band. More info at: leemusic.net
