Lenny's sixth CD is a mix of deep soul, spiritual and latin. Fourteen new tunes met with rave reviews. 14 MP3 Songs LATIN: Latin Jazz, BLUES: Jazzy Blues Details: As the title suggests faith is at the core of this soulful disc. He's reflecting on how faith has helped him but he's not preaching. It's simply his subject matter; like love, Saturday night or home; and he never losses his musical compass in the message. There are a few surprising bossa novas and his husky R&B baritone provides a powerful instrument. The guitar player in him isn't going to let the opportunity for a hot solo pass either. Tight and fluid, the instrumental "Sandstone" qualifies his success during his stint as an LA studio musician and sideman during the 80's.
