Details: Introducing Michael Jones from Pittsburgh, Pennsylvania. This debut album demonstrates Michael's talent as a producer and prolific songwriter. Daydreamer is a smooth blend of R&B and Pop with intelligent lyrics birthed from real world experiences of life and love. Michael has a passion for creating music and has been doing it for years with basically anything he can get his hands on. He was set on producing for others artists when family and friends got a hold of his material and urged him to do a solo project. He turned to childhood friend, CEO of Langston Music, to assist him in the effort, which resulted in the album, Daydreamer. The beauty of Daydreamer is that it has something for everyone. It tells a story of life and love highlighting the good times as well as the trying times. From "You Just Don't Know," an ode to that significant other, to "Daydreamer," detailing times of bliss, to the popular "Still" with it's shades of classic R&B that's generating a buzz. Also a favorite is the inspirational "Big Man." Michael is currently promoting the album Daydreamer and producing for other artists. It's only a matter of time before his work gains national attention. Be on the lookout in the days ahead. For now, take a listen to samples from Daydreamer, order your personal copy, and enjoy. Oh, and be sure to tell your friends. To send feedback, or if you just want to say hello. Feel free to drop a letter to the following: Langston Music P.O. Box 15064 Pittsburgh, PA 15237
