Acoustic, instrumental, impressionist, world, a soundtrack for your imagination. Inspired by Django Reinhardt and Claude Debussy, in a new york-21st century world. 11 MP3 Songs WORLD: World Fusion, AVANT GARDE: Structured Improvisation Details: I always was fascinated by what we call the impressionists, in painting and in music. Impressionism is really about capturing the mood and the atmosphere of a place, a moment in time, generate emotions and trigger the imagination of the listener. When people think of impressionism, they think of Debussy, or Ravel. But actually we keep on hearing impressionist musicians continuously. To me, an impressionist is a musician who captures the flavor of a moment in time. When I listen to Miles Davis, Im in NYC in the fifties, then I listen to Coltrane or Hendrix, and Im in the 60s Era. The Cure or Depeche mode bring me right back to my teenage in the 80s. I listen to bluegrass, and Im in the apalachian mountains, Rabih abou Khalil, and Im somewhere in a North African desert...this is not because of the notes, but because of the flavor of the music. The title, terre des hommes, could be translated as land of men, or mankind's earth. But the translation misses the emotional and almost fatalistic impact of this French title. This title I actually took from Antoine de St Exupery's book, where he describes his travel over the world, as one of the pioneer plane pilot in the early 20th century. This album is to me an impressionist piece. It transcribes the way I feel towards life, earth, mankind, philosophy, spirituality, science in this early 21st century, in a very emotional way. Often people tell me it sounds like a soundtrack, and this is exactly what I want to hear. This is a soundtrack for your imagination, and I hope this album will create some nice moments for you. "Do not miss an opportunity to see one the greatest guitar players Ive ever seen ...and I dont say that lightly." Josh Baron, Relix Magazine "a John Coltrane-ish search for a moment of musical nirvana..." Phil Gallo, Variety "Don't miss this opportunity to see a truly astomishing talent in action" All about Jazz People who are interested in

Pink Floyd Django Reinhardt should consider this download.
