Scout 'n' Cole Ciana Stone Book 3 in the Hot in the Saddle series Cole had no trouble attracting women. The Russell men were all blessed physically, and Cole was no exception. However, finding a woman who could match his passion for the wilderness as well as ignite passions of a different kind in his life was the problem. Scout Windrider knew that love wasn't for her. She'd yet to encounter a man who took her breath away, and figured it was just as well. What man would want to hook up with a woman who spent most of her life in the wild, tracking mountain lions? Neither of them could have foreseen being paired in a no-kill hunt turned deadly that would force them to confront an explosive attraction hot enough to consume them with its heat. Faced with a murderous madman intent on exacting revenge against the Windrider family, Scout and Cole take a leap of faith with each other, and discover something relegated to myth and legend prove to be true, that will touch their lives in a way that will change them forever.
