Details: With her rich voice and strong original songwriting, Lisa Theriot, perhaps better known as Mistress Adelaide de Beaumont (in the Society for Creative Anachronism or SCA), enriches the great bardic traditions of the past. Her new CD The Keys of Canterbury is made up of original songs that distill Chaucers Canterbury Tales into a fabulous collection of unforgettable and addictively catchy songs that still capture the traditional style and feel. On her last CD A Turning of Seasons (2001), she not only strengthens old ballads with original music or lyrics, but also incorporates an interesting array of timeless modern songs like Joni Mitchell's "The Urge For Going".
