Fole, iChoice/i/span/p p align=justify span lang=ENspan lang=ENThe purpose of iAmerican Penology /is to provide a story of punishmentrsquo;s past, present, and likely future. The authors focused upon selected demographic, economic, political, religious, and intellectual contingencies that are associated with historical and contemporary eras to show how these contingencies shaped Americarsquo;s punishment ideals and practices. In offering a new understanding of received notions of crime control, Blomberg and Lucken not only provide insights into the future of punishment, but also show how the larger culture of control extends beyond the field of criminology to have an impact on declining levels of democracy, freedom, and privacy./span/Author: Blomberg, Thomas G.
