Instrumental, ambient New Age/World music that's just down the street from the Buddha Bar 10 MP3 Songs NEW AGE: Ambient, WORLD: World Fusion Details: Gary is a composer and studio artist from San Antonio whose music is a soulful fusion of folk, pop, new age, latin, classical and jazz. He calls his music "Eclectrical." Take one of his musical journeys and you will hear a blend of latin percussion and folk-rock guitar along with new age, South American and even classical influences. After college and a stint as linguistics instructor, Gary's responsibilities as linguistics and anthropology consultant took him to some of the most remote areas of Paraguay, Bolivia and Brazil - away from his musical pursuits. Now he's back with new ideas and an ability to call on experiences with regional music styles and even tribal "music." You'll hear echoes of exotic places in his fused stylings of a variety of musical genres - all in memorable original compositions. Gary plays guitar, keyboard and bass. His superb musicianship and reflective style take you to places you've never been but that somehow, seem familiar.
