'feel good' music for children with positive, uplifting messages 13 MP3 Songs in this album (40:34)! Related styles: KIDS/FAMILY: Children's Pop, EASY LISTENING: Easy Pop Details: I am a physical education teacher in the Bronx, New York, who incorporates Character Education into my program. I try to give my students wholesome, positive messages through my songs - to be kind and caring, to believe in themselves and to know that they are special in their own way. They love the songs, and they are always telling me that they should be on the radio. Their enthusiasm and excitement motivated me to create this very special project. When they sing the songs, their faces light up with wonderful smiles. I decided I wanted more children to feel that way - to feel good about themselves and the world around them. That's why I went ahead with this project. I believe that together we can inspire children with these songs.
