An intensely electrifying musical groove infused with the pulsating rhythms and vibrations of the ancestral oral tradition of the Divine Children of the Sun 9 MP3 Songs SPOKEN WORD: With Music, HIP HOP/RAP: Alternative Hip Hop Details: The origins of this music-infused message reach even deeper into the Afrikan consciousness of talking drums, percussion, and vocal incantation than mere words can describe. The roots and rhythms of such featured songs as Whatever Happened to the Motherspirit?, Brain Drain, Sacred Garden Culture Groove, and Well Take You There, have nurtured the rhythms and blues, funk, soul, hip hop, be-bop, jazz and gospel wails of a people disconnected from their sacred ancestral presence. Unquestionably, a Need to Heal resonates loud and clear. The High Priest Kwatamani is a prophetic historian who brings forth the Most Supreme Unseen spirit vibrations of the ancestral Man, He and She, noted for his powerful text, "Exposing the Ice-Cold, Deep-Freeze Mentality and Whole Life Healing of Sexual Energy Within the Divine Parallel." The High Priest Kwatamani, supreme soothsayer, soul seer and spiritual healer, has come to resurrect the lost and astray mind from the toxic cesspool of deceptions that prevent one from entering the divine parallel of the sacred garden culture. His lyrical beats penetrate the various isms, schisms and tisms of the ice-cold, deep-freeze mentality. Couple his prophetic spoken word mastery with the spirit-moving, ancestral call and response of Royal Priestess Gails rich and mellow vocals, and you have a musical vibe that leaves absolutely nowhere for the lost and astray mind to hide. The supreme love vibe echoes throughout every word sound in resurrecting the most ancient and ancestral spirit of the Divine Children of the Sun.
