Disarming in their sincerity, these songs tell stories that resonate with people's lives, drawing them, encouraging them to feel and share in the moment. 10 MP3 Songs FOLK: Folk Pop, GOSPEL: Contemporary Gospel Details: As a singer songwriter, Jeffrey Todd tells stories that resonate with people's lives encouraging them to share in the moment. Early years of playing guitar for various bands Jeffrey was exposed to the abundant music scene of Northwest Texas and soon became a lonestar regular. With influences ranging from Willie Nelson to AC/DC to John Mayer, Jeffrey's own style was born. He takes a look at the "love thing" with a heart-felt ballad that asks the question; How do you fall Out Of Love? The sturdy roots-rock pop of Standing Still could be Jeffrey's' own story and portrays the desire to leave the secure work of a steady job behind and take that leap of faith...to follow the dream. If you ask Jeffrey how dedicated he is to this belief, he states" I dunno, I've just always been the guy with the lampshade on his head. Any opportunity to perform, to connect, to communicate the fact that we all face the same trials in life... that none of us are alone" Jeffrey has played venues from Tampa to Nashville and shows no sign of stopping there. His live show is an interactive experience that invites the audience to participate, laugh, sing along and be moved by the music.
