An intoxicating blend of soulful alt-pop that will seep under your skin. 11 MP3 Songs POP: Folkly Pop, ROCK: Acoustic Details: Even if Kerry Getz sang trite tales wrapped in tired musical formulas, her voice would still invoke the haunting joys of Aimee Mann's distinctive and affecting soprano. But fans of Getz's full-length 1997 debut, "Apollo," need not worry about a lack of artistry from the Newport Beach singer-guitarist-songwriter; her equally superb sophomore studio effort, "Little Victory," is the most powerful collection of its kind since Mann's "Bachelor No. 2" was released in 2000. The 11-song collection has no throwaways, and highlights abound: "Amnesia," "Julianne" and "Traveling Somewhere" are personal favorites. You might like if you enjoy: Getz' "Apollo," Aimee Mann's "Bachelor No. 2." ***Robert Kinsler - Orange County Register*** ----- "Getz is long overdue for the national platform she deserves." ***The Los Angeles Times***
