

Mp3 Liv Cummins - ...exactly.

[DOWNLOAD HERE](#)

quirky yet accessible pop/rock singer/songwriter with masterful melodies and keenly observant lyrics, never pretentious or predictable. 17 MP3 Songs ROCK: Modern Rock, POP: Beatles-pop Details: liv cummins is a brilliant new talent. Her first album, some days, gained her national attention, and the new one, ...exactly, is going to open the flood gates. Totally unique, liv is at home with a number of eclectic styles, but she consistently gives the listener two things: Great melodies, and lyrics to remember. She's sincere yet unpretentious, sentimental and smart. Don't be surprised to hear this CD on college, top 40 and alternative stations at the same time. It's that good.
