[DOWNLOAD HERE](#)

Part intergalactic crime fighter, part superhero, this guy delivers a toxic blend of electronic synth rock, foot stomping beats, funkified grooves, spacy jazz harmonies and topped off with quirky pop and lyrical sensibilities. 12 MP3 Songs ELECTRONIC: Synthpop, ROCK: Experimental Rock Details: Manchild is not of the human race. He was born in a black hole within close proximity to the Dog Star Sirius. Eos, the Dog Star Commander, sent Manchild to Earth in an effort to help rid humankind of vicious warmongers and overall bad vibes. During his travels throughout the universe, Manchild has managed to form a coalition fighting force to aid him in his urgent plight on Earth. Fully armed and ready to rock, the Manchild Armada is guaranteed to deliver a three-ring circus to any audience, anyplace, anytime and then some. Manchild sightings are becoming more and more frequent across America, but much like Bigfoot, he can be very dangerous, especially if provoked. Be forewarned that a wild beast who goes by the name of Manchild is at large. His whereabouts are uncertain. But like a bolt of lightning he can strike quickly and without warning.
