"Mercury's self titled album is a strong effort from this Pittsburgh band. The album's opening track "Superhero" displays the bands talented song writing abilities with a hook that will be stuck into your head after just one listen. After that, the tracks "Falling Star" and "Ghosts Angels" are equally impressive, showing that this band has an all around great sound. With emotion filled lyrics, and great musicianship, Mercury's album is strong from start to finish. Each song brings its own unique elements, with perfectly arranged guitars, and vocals that rival many of today's prominent bands.
