A great follow up to Raymond's first children's Cd with a more acoustic feel. 14 MP3 Songs KIDS/FAMILY: General Children's Music, KIDS/FAMILY: Children's Pop Details: Raymond Griffiths Presents: Branching Out "Branching Out" is the second installment in Raymonds CD collection. It has a more acoustic flavor and introduces a few new characters into the mix. Like the first album, it still has a strong focus on education and inspiration. The songs on this album also offer a wide range in musical styles from 50's doowop to a samba beat. This album introduces new characters such as Billy Bug, your shadow, and a special twin that is always hiding in the mirror (your reflection). From different languages to your five senses, this album both educates and entertains. The "Goodbye Song" is a masterpiece all to its own. Raymond Griffiths has been entertaining and performing children's music all over the United states and Europe. He has worked at some of the best schools and programs in NYC. He has performed at Disney, Six Flags, Saint Patrick's Cathedral, and FAO Schwartz to name a few. All the tracks on both of Raymond's albums are all original works. Raymond's music is both inspirational and educational. He has written and starred in two separate television pilots and is currently shopping both to several networks.
