Instrumental, new age meditation and prayer. 8 MP3 Songs NEW AGE: Meditation, NEW AGE: New Age
Details: My journey starts with a having a great desire, emotion and passion for music. I been composing, playing, recording, touring for over 30 years. I've been on projects that have been nominated for Grammys, my opinion that should not be your goal the creation of the music should, hey that's all I'm saying. I've played in many environments, styles, even though I mainly played rock / pop stuff I listen to all kinds of stuff my collections is a wide range of the music spectrum. I believe you can learn from it all. This project was created from a time when I was looking for something that I could have playing while I was thinking, meditating, praying, driving or just have in the background. I wanted something that had different flavors. I believe this does. My main instrument is guitar but I tinker with keys as you will hear. Each piece came from a different inspiration a beat, sound or chord progression I just followed from there no particular way of coming up with the idea I just let it happen. This is only the beginning of many to come. Music is a powerful tool, media or thing whatever you want to call it. I'm not trying to get spiritual about but it has effected the human spirit. Have you ever had a song change your mood? Music is being used in many forms of the medical field todaythink about when you go to the dentist, doctors or get a massage. MUSIC IS A POWERFUL MEDIA! I hope you enjoy it.
