Hughes. This New South player-rap group consist of his two brothers Flawless, Dollar Bill, and one of his closest boys Big J. In 2004, Smoke 2 Much released their debut album Lets Get this Paper which went on to sell 5,000 copies. Lets Get this Paper was an instant street success, to say the least. The compilation could be heard bumping from tinted out Cadillacs and Navigators all across the Carolinas. After that, M.I.C. met producer Brabo Gator from Nashville TN. Soon after, the group began working on their latest self-entitled album which many say will be one of the best albums to ever come out of the Carolinas. The new album includes features from Bun-B, Pistol, Aaron Enko, Abby Enko, Biggie D and Brabo Gator. The first single is sure to be one of two of the hyp club bangers Doing it Big or Times Get Hard featuring Bun-B.
