POP: Pop, POP: Pop/Rock Details: Positive and uplifting, Teri Wilder's music is rich in message, emotion, and energy. Lyrics are incredibly important to me, because they're often my most immediate vehicle for connection, says Wilder. She truly sings from her heart, and every nuance of this recording is thoughtful, and heard on every level of intimacy and expansiveness. Playful, profound, sassy, sensuous, energetic - something for any mood. Severn Records recording artist Tad Robinson says: Unbelievable!!!!!!

Congratulations on an amazing CD. This disc covers so much ground, so much of your multiple musical sides, but all in a unified whole. Great lyrics and great performances. You are in GREAT healthy voice and you are surrounded by great players and bold and ambitious production. I dig the vocal adlibbing on the fade-outs. Your vocal range is extraordinary. While listening, sometimes I am reminded of Annie Lennox, other moments, k d Lang; but all throughout it is honest, and your vision coming through. So cool. Originally from Chicago, she's made a living in music, theater, as a voice-over artist (your Sprint PCS voicemail voice!), and film work. She moved to Kansas City in 1994, where she spent 11 years as a producer on-air personality in KC radio. Teri now devotes her time and energies toward writing and singing songs that are more directly spiritual and inspirational, and, like the songs on her first CD, bear the markings of Teri's personality -- positive! She is currently producing her second CD, I Choose Joy, a compilation of songs written for spiritual/inspirational settings. Each thought-provoking tune can be taken as a life lesson in itself, and will make you want to sing along, wherever you are. "I've created each song with heartfelt intention to make the world a better place in which to live, grow, learn, and love.
