Details: Vibeke Mykkeltveit is from Norway. Very early in life she knew that her task in life was to be a sound healer. Later in life she has passed through various stages of personal development, helping her making her dream a reality. Apart from being educated as an opera singer, she has her sound healer education from Chris James. Vibeke is also educated and initiated a shamanic healer within the traditions of Norway and of Peru (Keros), after having studied and trained with Erik Myrhaug and Rune Heivang. She has also been a devoted practitioner of Qi Gong for many years. Apart from making CDs like this one, she is giving healing sessions for individuals and for groups. Vibeke performs as a holistic singer at different rituals of the society. She is also giving courses for those who want to develop their own gifts within this field. Pachamama is her first CD. Vibeke regards every track as a beautiful gift from above. And she is very happy to share these beautiful gifts with you. Listen with your heart ! The CD Pachamama has a duration of 60 minutes and consists of 11 sound tracks. All of it is improvised in the studio. This music is alive and working. It is intended to be used as a healing tool for healing yourself, or for treatment of others. The CD will also function as an energy booster while doing Yoga, Tai Chi and Chi Gong exercises. When you are giving yourself healing, it is recommended to turn the palms of your hands upwards, to enhance the receptibility. The CD may also be used for cleansing of rooms and of houses. It has also been used for calming sick and dying animals. It has also been used for calming hyperactive kids at school.
