Need a way to increase sales of software products? eBook covers and virtual software boxes can triple your digital product sales. Online vendors have seen increases in sales by 300 or more after simply including a stunning virtual cover or software box like the one above on their web site. All the work is done within eCover Generator Nothing else is required or needed. eCover Generator IS NOT a tutorial on how to use other software. eCover Generator does all the work for you. It creates and formats the images to give you a PERFECTLY SHAPED ebook cover or software box EVERY TIME! eCover Generator IS NOT a set ebook templates where you just add your text. Each image is compiled from 2 or 3 separate images into the perfect ecover. eCover Generator IS NOT like anything you have ever seen before! Save Hundreds of Dollars... Make Your Own Covers in minutes! Create your own eBook covers in less than 3 Minutes....seriously!
