eBooks have made me hundreds of thousands of dollars in revenue. And I'm no genius. What's my secret? Well, it's simply that I've been putting eBooks together so often and for so long, it's almost second nature. How does this benefit you? Here's how... I'm going to reveal some of my most treasured eBook tips and tricks that you can start using TODAY to create fantastic eBooks easier and quicker than ever before ... And you'll also discover eBook tips and tricks that hardly anyone knows and that I've never revealed publicly before... I Finally Spill The Beans... How would you like five years of eBook creation experience distilled into two hours of coaching that you can immediately start benefiting from yourself? You'll discover: \*Easy ways to create great looking eBooks \*How to add video to your eBooks \*A little known trick for growing your opt-in list with eBooks \*And much more ... full details are below: I reveal these very easy to follow tactics step-by-step in a set of brand new coaching videos that you can view

directly at your computer: These eight videos come to a total playing time of 118 minutes. Here's a quick run down of exactly what you get: Video One (21 Minutes) In this video I talk through my preferred way of very quickly and easily designing eBooks. Video Two (14 Minutes) Here I talk you through the easy way to use frames to quickly create great ebooks ... and if you're not sure what frames are don't worry as I detail every single step. Video Three (24 Minutes) In this video I show you something I've never talked through before - exactly how to add video to your eBooks (it's very tricky to work out if you don't have this video). Video Four (9 Minutes) Here I show you a very little-known but incredibly powerful trick for growing your opt-in list with eBooks. Video Five (12 Minutes) In this video I reveal something very few people know - how you can change what your eBook looks like at any time, even if it's already on someone's computer on the other side of the world! Video Six (19 Minutes) Here I'll reveal exactly how you can know how many times your eBook has been opened, as well as capturing information about the people who open your eBook. Video Seven (9 Minutes) In this video I reveal an easy way (probably the easiest way) to password protect your eBook. Video Eight (10 Minutes) Here I talk through when to use PDF eBooks, when to use EXE eBooks, and the important differences between the two formats. \*\*For PC's Only - Not For Mac\*\* I must tell you that this eBook only works (to my knowledge) on PC's. If your computer is running Microsoft Windows, you won't have any trouble at all viewing this eBook successfully. However, if you're on a Mac you'll more than likely have trouble viewing it. A Great Product + Resale Rights = BIG Profits For YOU I'm sure you know there's a ton of eBook resale rights around these days. BUT - if you really want to make money selling an eBook you have rights to, you need: \*A very high quality product. \*An effective sales letter. \*A professionally designed website with great looking graphics. Get a copy now, start promoting it immediately and you'll make the most profits. Wait a day or a week or a month, and literally more and more profits will pass you by. Now, I'm certainly not saying this to brag, but I wrote this sales copy, and my copy has sold hundreds of thousands of dollars worth of products online, if not millions of dollars worth. AND - from very affordable eBooks like this one. And just by having a copy of this product, you can sell it or present it pretty much any way you choose. You can even turn it into a physical product by putting it onto a data CD or a DVD. This would make it a good way to sell on eBay. It's totally up to you! If you're interested in the resale rights and selling this product yourself, I'm sure you realize that the sooner you get a copy, the more you will profit. The longer you wait, the more your competition will pick off your customers. Order now for Only \$4.99 To your success, Timm Miller
