Details: CD Review Magazine rates this release 10/10 - the highest rating! On a hill above scenic Lake Ontario, the music of the band organ can be heard on the breezes drifting over the blue water. Twenty fox-trots, waltzes, and marches bring back the sounds of summer from Seabreeze Park - the whirling carousel and prancing horses spin around to the music of childhood, and this fabulous recording captures the wonderful memories. Grab the popcorn, and come for a ride! This completely digital recording is crystal clear (you can even hear the birds chirping) and an oversized insert details the history of the park and its historic Philadelphia Toboggan Company wooden carousel. Information on the Wurlitzer 165 Military Style Band Organ, the rolls used in the recording, and additional photos are all included. A real piece of Americana in music - a must for the audio collector, carousel enthusiast, or fan of mechanical music, and a one-of-a-kind gift item.
