Don't even try to categorize this CD. Suffice it to say that this work was conceived, created and recorded at the musical crossroads of Paris, France and Crabapple, Georgia. Enjoy! Being born in Algiers and growing up in Paris, I have always enjoyed the musical fusions of Western and Middle Eastern rhythms. I began my singing and songwriting as a teenager and went on to win singing contests. Then putting my music on hold, I became an Surgeon, providing humanitarian work. As fate would have it, however, I settled in Atlanta, Georgia and had the opportunity to resume my music. For this first album I worked with the singer and musicien Cheynoor (synthetiseur, piano, guitar....), Tyler Greenwell, percussion and drums. Engineered by Jeff Bakos at Jeff Bakos's recording studio Atlanta. Sound Features Jeff Bakos Bass and back vocals. Mastered by Rodney Mills (Atlanta)! With "Orientale Ambiance", just move your hips! Dance with "Mon Petit Chat" Stand up with "Woman" Relaxe with "Samarcande", well just enjoy this album!It's my pleasure! . THANKS A LOT Au revoir et merci encore for stopping by and I hope you enjoy the music. Sincerely, CheyNoor
