Contemporary Christian..but get ready for a musical adventure in the spirit unlike anything you've ever heard. 10 MP3 Songs GOSPEL: Contemporary Gospel, HIP HOP/RAP: White-Boy Rap Details: To Jesus be all the glory! All of these songs are really not from me - they are from Heaven itself. I cannot take the credit. I am just the willing vessel using the gifts that God has given me for his glory. Take Me Mold Me and The Way That You Love Me were both written during times of fasting. They were from the heart of God Himself! I love those songs! I love all the songs! I, hereby, gratefully and lovingly dedicate the country tune Stay With Me to my late and great grandfather, Hartman Rhynes. I know you're listening from heaven Grandpa and I'll always be your ol' Don. It was he who told me the day before he went home to be with Jesus - "Just keep singin', Donnie." He also had a great love for country music and I think he helped put CMT on the map, because he never stopped watching it till the day he died. I love you Grandpa and Grandma Rhynes! You made my childhood magical! To my wife Vanessa, thank you for always encouraging my dreams to sing, and thank you for realizing that the anointing of God is on my life to sing and play that piano, and thank you for supporting me, and believing in my dream. Daniel McGhee, you are a genius producer and friend. I've been praying to God for a Godly friend since my best friend Keith D. Saari left for Connecticut 10 years ago after 16 years of friendship! Come back Keith - and don't forget the time the SWAT team almost got us at the mall! Or I'm coming to you with the Marines this time! Keith is still my best friend by the way, always will be, but you are a true blessing from God Daniel! Daniel, you are a master at the craft of producing and engineering music. This album will be great because God has spoken it so. But Daniel, it is great because you took the music to a whole new level and it has lots of soul and pop and groove! Jerry Alexander, you are and always will be my father, and you have given me great love in this life and I thank you for loving my wife Vanessa as your very own

daughter. This is priceless to me. I love you Daddio! Thank you, also, to my sister-in-law Lucy Alexander for taking the pictures for the album! Anyone need pictures for your CD? She's the best! I was fifteen years old when my identical twin brothers, Jeremiah and Isaac Alexander, were born. Boy what a joy it was to have two beautiful baby boys to hold and love. Nobody knows about Isaac Alexander and his musical gifts, but I do, and I hereby notify all musicians and producers, especially Daniel McGhee, to hear this boy play the drums, sing and worship our Lord. We expect your CD next Isaac! I'll never forget the time we went to the Men's retreat at Victorville First Assembly of God, where my uncle, Pastor Ray Gemme, Jr., is the senior pastor and awesome true man of God. Isaac, you played the drums for the first time then, and when you started playing, it sounded like you had been playing for years! What a drummer you are! And singer! I'd like to thank my Pastor, Pastor Roy Martinez, of Healing of the Vine Church in Montclair, CA, for telling me: "I want to get behind you and support you Donnie in this quest for God's glory." Most of all, thank you Jesus, for never giving up on me, for being so merciful when I have fallen and sinned and left your glory at times. You are so loving Jesus. May the whole body of Christ get a bigger glimpse of your love for your children through this project. I love you Jesus.
