[DOWNLOAD HERE](#)

Rapcore 5 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, METAL: Rapcore Details: Elusive Matter is an amalgamation of our influences spanning all genres of music. The theories/intentions/ and mind of true hip-hop, the spirit of punk-rock, the heart of jazz, and the soul of improv. rock and blues; forming a Voltron-like body that is all our own. Assembled for the purpose of global domination... our objectives of this music are communication, release, and fun (if you can accept that). Anyone as passionate about music as us can understand where we're coming from. We've all been doing this separately for the last 10-15yrs in different projects. We've been working together since Nov. 9, 2004; and we are just getting started. Peace, -Bay
