Influences include Daniel Lanois, Neil Finn, Radiohead, Elvis Costello, Jellyfish. Based on personal experiences, the collection of songs on Appreciation is predominately of dark subject matter. "Over My Head" takes a glimpse into the final collapse of a nine-year relationship, while "Even" describes Frankfort's account of a car jacking/kidnapping experience he fell victim to. Despite the impact of those experiences, Frankfort's outlook remains optimistic. Hence, the album title.
