" Ghosts of the Goldfields," a nostalgic song about the emigrants... 13 MP3 Songs in this album (48:14) ! Related styles: FOLK: Irish Traditional, FOLK: Irish Contemporary People who are interested in Enya Mary Black Norah Jones should consider this download. Details: Sheila's latest release, "Autumn Days" is a masterpiece at so many levels. A fresh approach to Traditional Irish songs. And includes three exciting well written original songs by Sheila. " Ghosts of the Goldfields," a nostalgic song about the emigrants who labored in the goldfields and went on to become the nucleus of the early populations of the new world." Do They Dream", based on the eternal longing for peace and referencing Northern Ireland's children's hopes for the future. " Mystic Riders" is based on a children's story from Ireland that has been passed down through generations on long winter evenings, before the advent of TV. "The land of The Gael" written By Gary McMahon the renowned Irish poet and writer with whom Sheila visited and shared ideas and songs with, is a beautiful song about his native Kerry and an emigrant's dream of returning, Gary unfortunately passed away just before the CD was completed , Produced engineered By Multi talented Adrian Dolan, featuring some of the finest Irish Canadian musicians give this CD a uniquely rich sound, Complete with Uilleann Pipes, Flutes, Irish Harp, Fiddle. Cello. Accordion & Guitars "Celtic Connection" Vancouver, has compared Sheila's Haunting Vocals to Mary Black or Enya.
