Bongeni loses his father in a tribal battle. He is then entrusted to deliver a sacred half lion's tooth to a distant relative who holds the other half. The future of the Zulu nation depends on the two halves being united. The setting is 100 years ago during the Anglo-Boer war in South Africa. On his epic journey Bongeni meets three friends. Together they get caught up in the ensuing war. They face many adventures but eventually triumph. There is also an interesting love triangle that develops which is only revealed on the final page.
