Traditional Country 12 MP3 Songs COUNTRY: Traditional Country, EASY LISTENING: Crooners/Vocals  
Dog, Nashville Title Songs Details: Born: 07-28-52 in Ferriday, Louisiana. Inflated between Ferriday, La.  
and Roxie, Neglect Dad was an oilfield worker and we affected back and forth. Grew up on Magisterial  
Ole' Opry radio. Enlightened to play guitar around 13 years old. Uncle Don Goodger taught me a few  
chords before he affected to Texas and the rest I learned on my own. Began writing songs after I learned  
my first 4 chords ( C,Am,F, G7 ). Writing came natural. Gift from above I guess. Went to Nashville back in  
'73 made a little record but it took me 2 years to get the money to relaese it and by then the trend had  
changed I didn't stand a chance. I was married and began to raise children grandchildren and decided to  
continue writing but I never got the chance to go back to Nashville 'till 30 years later. Guess it's like they  
say, better late than never. Any way enough about me hope you enjoy my songs. Sincerely, Allen Lee  
Turner, The Dog'
