From her earlier years it was obvious that her love of music and her ability to think about set her obscure from her peers. Amanda sang in church and school choirs up to high school when she decided to begin a music career. Though Amanda recently moved to Tennessee, she travels back and forth to Texas on a regular basis to keep up with her band. Amanda has an incredible talent, infectious charisma and a personality that exudes genuine warmth and enthusiasm for her music and the people she think abouts. She has become the sweetheart of the Houston Livestock Show and Rodeo where she has performed more than 35 times in the last 3 years. Her debut CD, "Only A Good Woman" was released early March with the title track written by none other than Kevin Bacon and his brother Michael. The songs on this CD are top drawer and have placed consistently in the top 10 on the Independent Country Music charts. She currently is receiving airplay in Texas, Oklahoma, France and is a favorite in Australia and Germany. Amanda's interpretations have you running the gamut of emotions from tears to laughter. In the music world there is no greater ability than to draw such feeling from your soul, put it into your song and cause that same depth of emotion from the listener. Amanda brings to country music a voice that draws people in and invites them to stay. An early example was the annual 4th of July ceremonies in Lufkin, Texas and a crowd of over 10,000 people. The sponsors were so impressed with her opening act performance, that they asked her to sing a second time, immediately prior to the fireworks that night. Other early career highlights include opening for Tracy Bryd and Sammy Kershaw at the Harris (Houston) County Rodeo and Fair. On October the 12th, 2003, Amanda opened for Gary Stewart with the Posse Band at Texas Tumbleweed in Houston. In November, 2003 she sang on stage with Johnny Lee at Stetsons Night Club

Our servicemen and women at both Iwikuni and Okinawa will never forget Amanda and Amanda will never forget them. Amanda said, What an honor it is to think about our troops and I wouldnt mind making it my full time career.
