Everything from edgy blues and folk rock to evocative ballads and sensitive love songs. 22 MP3 Songs

COUNTRY: Country Folk, FOLK: Folk Blues Details: Jon Dakota is a songwriter who observes, reflects and comments about the experiences he sees in his life and around himself, in our sometimes absurd culture, and this often crazy world. He has been described as an idiosyncratic troubadour in the genres of Prine, Guthrie, Williams, Kristofferson and early Dylan. Jon Dakotas new double CD just released, Ordinary Angel and In Each Others Shoes, reflects his diverse styles and runs the gamut from blues and love songs to poignant stories and political commentary. Jon Dakota first performed at age 16, playing a plywood Stella acoustic guitar and singing such Everly Brothers covers as Wake Up Little Susie and Bird Dog. In high school he had a rock roll band which cut an album with RCA custom division. After college he took a 30-year vacation during which time he had two wives, four kids and a dozen jobs. Since resuming his career recently, he has played in venues in Colorado, California, Texas, Nashville, New York City, Boston, England and others. He developed the songs for his current CD based on observations, reflections, thoughts and feelings about himself and others. In particular he writes stories based on his actual experiences and those of friends and acquaintances experiences which he sees variously as uplifting, edifying, transcendent, tragic, bittersweet and poignant. Jon Dakotas plans include a European tour and another CD before the end of the year. He says: I write about what I see, hear, experience, empathize with, wonder about and makes me crazy. I pay attention and write about whats going on, honest, sad, happy, fun, funny, disturbing, uplifting and depressing about my life and the lives of those around me.
