hip-hop gospel 13 MP3 Songs HIP HOP/RAP: Spiritual Rap, GOSPEL: Contemporary Gospel Details: No detours is the my first project and I'm very excited about it. I'm very excited because it minister to the very soul of a person and it also encourages the youth to take their choices very seriously. The word of God says in Proverbs 3:5;6 that you are to acknowledge him in all your ways, simply put you don't know if your choices is the best choice that you could have possibly made. So I'm happy to have an alternative that sounds just has good and even better as your big artist of today.
