**BLUES: Rockin' Blues, ROCK: Classic Rock Details: Who Are The Night-Creatures?**

The 'Night-Creatures' are an Orange County-based band, an area just south-east of Los Angeles. Most of the bands members have performed in a variety of bands in and around Orange County and the Inland Empire for many years. In the closing months of 2005, keyboardist Tom Bellone and drummer Bill McFadden discussed forming a new band. The idea was simple. Find other musicians who wanted to focus on performing at shows in support of national acts in some of the areas more intimate concert venues. The two began attending a local blues and rock jam night searching for other like-minded musicians who would bring the sought-after instrumentation, skills, talent and personality to the mix. Further defining their path, the Night-Creatures would feature music written and arranged by several of the bands members, and almost immediately began the creation of unique variations of styles and sounds, which reflected the diversity of its members musical backgrounds. Within one-months time, the initial group was formed and began a six week rehearsal deadline for their debut show opening for The Rick Derringer Band at The Coach House in San Juan Capistrano, Ca., in March of 2006. The 'Creatures' drew wildly enthusiastic responses from the crowd for their rockin blues-styled music, with slight latin and jazz influence. Later, the band received generous kudos from both Tom Curiale and Charlie Torres, Derringer's drummer and bass player. Since that first show, the Night-Creatures have appeared with a number of well-known national acts, such as Terri Nunn Berlin in April 06 (sold-out show), Martha Davis The Motels in June 06, The Flying Other Brothers (featuring Pete Sears and Jimmy Sanchez) with G. E. Smith in July 06, John Mayall and The Bluesbreakers in August 06 (sold-out show),

Coco Montoya and Johnny A in September 06, and Rod Piazza The Mighty Flyers in September 06. In November, the band is slated to perform for charity event organizers for the Orange County Special Olympics and Parkinsons Foundation. A portion of the proceeds from the sale of the bands CD will be donated to these charities at the event. We welcome opportunities to thank the community that has done so much to support us this year, and to be a part of efforts to assist those who need a helping hand. Our self-titled CD was completed in August and is now available online, world-wide, at CD Baby at [cdbaby.com/cd/nightcreatures](http://cdbaby.com/cd/nightcreatures). The disc features 8 original compositions, and one cover of a Robert Johnson tune, Walkin Blues, licensed by Music Media International, Inc. The Night-Creatures have appeared with several traditional blues acts, but their music does not fit strictly within that genre. Many of the groups songs on this first CD have sprung from a variety of rock, blues, Latin, and jazz influences. Still, the bands music and performances appear to hold broad appeal for a wide-range of audiences and age groups. The Night-Creatures are: Tom Bellone (Hammond B3 organ/piano/vocals), Elden Lisalda (saxophone/guitar/vocals), Jim Jensen (synthesizer/guitar/vocals), Paul Mr. P Lange (bass guitar), Shige Fukuyama (lead guitar), Bill McFadden (drums/vocals).
