

Mp3 Train To Quintenas - Joe Hammer's Ice-cream Car

[DOWNLOAD HERE](#)

Dreamy poppy psychedelic but catchy anyway, especially when the first sunbeams kiss the morning dew 10 MP3 Songs POP: British Pop, ROCK: Americana Details: Train to Quintenas. Train to Quintenas, literally an underground band. A band of hermits you wont find on stage. Train to Quintenas is a group of Dutch and French rockmusicians. They write and record their music in their homestudio in a small village called Udenhout, somewhere in the south of the Netherlands. As said, they dont do live gigs and even on photographs theyre disguised or hidden in shrubs. More than by themselves, they are represented by their melodic songs on their debut cd Joe Hammers ice-cream car and other sweet sounds from W. Lemons smithy. That cd is a melancholic trip through the memories of someone who seems to enjoy the pain of longing for definite long lost things. So it goes. There are no ice-cream cars to be seen at the fair nowadays like Joe Hammers beautiful antique ice-cream car. Well, is this all you always wanted to know about Train to Quintenas? We thought so. Now you are ready to step on that train and enjoy the music of this enigmatic band.
