My music is an alternative Hip-Hop. I say this because people don't hear music like mine very often. The industry is clogged with commercial type music (Bling this and Bling that). I speak nothing but the truth. My music represents the Truth. I have fun a 10 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, HIP HOP/RAP: Hip Hop Details: I am not your typical Indiana boy. I was born in Kokomo Indiana in 1977. My parents went through a divorce when I was 6 years old. My mother then moved myself and my two sisters to Marion Indiana. My mother worked at a GM plant, and was hardly ever around for us. We were either with a baby sitter, or I was basically raising my 2 sisters. My father was a drug addict, and an heavy drinker. We didn't see him much at all. When I was 9 years old my youngest sister was beaten very badly by my moms boyfriend. We were all abused by him, but this time was different. We soon after landed in a few different foster homes while my mom fought the system to get us back. Soon after she got us back, the same man who beat us showed up at our babysitters to pick us up. Believe it or not it was with my moms permission. Not having a healthy home life soon turned me to a love for the streets. When I was 14 my oldest sister who is 2 years younger than me was kidnapped and raped. I have never felt so helpless in my life. The years that followed have molded me into a very self motivated, and head strong person. I have a very kind heart, but that doesnt mean I don't still whoop ass when necessary. I am very spiritual and trust God with my fate, tho I know each day provides us with a choice to make. I will leave my bio at that. My music will share the rest over the next several years. God Bless! X
