ApPHP Hotel Site is a powerful hotel management and online booking/reservation site script. This script is the fully functional PHP solution to manage small to medium size of hotels, holiday flats or guesthouse. Our hotel reservation system allows you to start online reservation and customer management in minutes. It has been specially designed to simplify the task of hotel booking online. Administrator can manage room types, hotel rates and booking options. Powerful administrator panel and online reservation manager at the back-end includes invoices and reports functionality. Visitors of Hotel Site will be able to search rooms availability with an online booking reservation system. They also could view rooms inventory, check availability and book reservations in a real-time.
