

Globalization And Identity: Cultural Diversity, Religion, And Citizenship

[DOWNLOAD HERE](#)

In the first decade of the twenty-first century, globalization and identity have emerged as the most critical challenges to world peace. This volume of Peace and Policy addresses the overarching question, "What are the effects of globalization in the areas of culture, ethnic diversity, religion, and citizenship, and how does terrorism help groups attain a sense of global identity?" The authors maintain that continuing efforts for dialogue across cultural and religious boundaries in today's interreligious and interfaith organizations can become a force for healing.
