This six-song maxi-single features the original album version - as well as five brand-new mixes! Since the release of "Boy Diva," "Redeemed" has emerged as the album's breakout hit. Beautifully describing the power of love to redeem ourselves, it hits home with those who know that the true redemption by love always comes in the hands of another person. The "Bendeemed Ballad Version" is a wonderful new mix from the musical production behind "The River." Fans of Alan Guno will remember that Ben Hammer was the creative force behind the music for that song - and returns again to provide an uplifting and powerful new ballad version. The "Ultra Studios Dance Mix" comes from the masterful dance beats of Chris Olivas, who produced the dance mix of "The River" on the "Evolution" album. (Chris is also working on Alan's upcoming full album of dance mixes.) The "Hereafter Dance Mix" and "Hereafter AC Mix" offer a thrilling new dance version and an additional ballad version. Produced with George Reich at Hereafter Studios, these two songs give us new visions of "Redeemed". The "Pop-sical Mix" is a fun and thrilling upbeat mix - incorporating classical instrumentation in a pop setting.
