

## Mp3 Futurama Laboratory - Futurama-lab. 6

[DOWNLOAD HERE](#)

Amazing flow of 8 ambient, electronica and techno tracks seriously composed by Japanese 10-year ambient veterans. 8 tracks, 47 min. 8 MP3 Songs in this album (47:26) ! Related styles: ELECTRONIC: Ambient, ELECTRONIC: Electronica People who are interested in The Orb Brian Eno Akufen should consider this download. Details: For more than 10 years, the artists of the Japanese label Futurama Laboratory keep on composing ambient music! Such rich experience on ambient music widens the possibility of the music and our music even knocks on the door of pop music. Anyway, just play this compilation loud! Track list and what tracks are like: 1. the next one (laugh more) / tekeshima It aimed at ambient techno with the tension in a slow tempo. It is the tune dedicated at a certain deceased. Sounds like: Brian Eno, David Toop, Peter Schwalm 2. Xeno / hetting Dancable techno as well as listenable ambient music. Sound like: Carl Craig, the Orb, Stewart Walker 3. rooheart / keybook (KAGIMOTO Yu) It is a minimal-techno dance music near-futuristic. Vocal that comes in succession in rhythm sequences, mechanical piano phrases and electronic sounds! A little nostalgia is also mixed... Sounds like: ROYKSOPP, Derrick May, Underworld 4. Trace / TDO Ambient music for meditation in primitive atmosphere. Sounds like: Brian Eno, Biosphere 5. jergelon / grainrain feat. hetting Click house featuring metallic synth sound, surrounded by melancholic ambience. Sounds like: Lusine, Akufen 6. Other heads / Sesqui This song is ambient techno music. There are rhythms, discordance and changes in this song, but it is not dancable and you will listen to it easily. Sounds like: Haruomi Hosono, HAT 7. Clouds of Intelligence / keybook (KAGIMOTO Yu) Ease by movement of rhythm and dazzling sound where it goes up in the sky and it goes! Live energy is included to subtle and sublime synthesizer music by the singer. It is considerably recommended music to the person who likes music to which the image spreads very well! Sounds like: P-MODEL, Robert Miles, Brian Eno, ROYKSOPP 8. fuchin (extended version) / routen

Inspired by progressive rock and crick house, the routen explored a new genre 'progressive pop'. Sound like: Porcupine Tree, Akufen, Peter Gabriel
