

Mp3 Jason Mentele - The Astral Project

[DOWNLOAD HERE](#)

A cross between Depeche Mode, Enya and the Moody Blues, with catchy melodies and atmospheric synthesizers. New Wave with an experimental edge, also including elements of trance and classical music. 14 MP3 Songs ROCK: Modern Rock, ROCK: 80's Rock Details: The Astral Project is a "theme" album based on a book (by Jason's mother's friend Carol Eby) about her out-of-body experiences. Having never had one of these experiences himself, he found this book really interesting, and was inspired to write this atmospheric synthesizer music to recreate these moments with sound. Jason's influences for this album include Depeche Mode, the Beatles (Magical Mystery Tour Sgt. Pepper), the Moody Blues (Days of Future Past), various 80's New Wave, J.S. Bach, and Renaissance music. Includes "the Body I left behind", "In My Mind", "Return to Me" and "Leaving My Body". Click on blue box above song titles that says "play all songs" to listen to in Hi-Fi.
