I just feel so honored to have received these Unity awards. It's very overwhelming!! Never in my wildest dreams would I have guessed this would happen. After toiling in God's fields for so many years and feeling I was pretty obscure from public view, it is really wonderful to receive so much enthusiastic support from my peers. Certainly God has blessed me and the You Are Not Alone project. Katrina Rae and Ned Tonner formed Catholic Artists for Relief after the tragic events of Sept. 11, 2001. Katrina chose the title and theme, You Are Not Alone, based on the words spoken by President Bush during the memorial service from the National Cathedral. Invitations were sent out to Catholic songwriters around the globe to submit their version of the song. The rendition submitted by Canadian songwriter Greg Magirescu (recipient of Songwriter of the Year) was selected and produced. Thirteen Catholic artists took part in the recording of the song and the filming of the video. All funds raised from the CD/video sales go to the Pentagon Survivors? Fund which is setting up college trust funds for the 86 children who lost a parent at the Pentagon. Go to catholicartistsforrelieffor full information on this special project.
