Houston's newest underground legend., da rap phenomenon. 27 MP3 Songs HIP HOP/RAP: Southern Style Details: Once upon a time in a lil' ol' hood called Woodland Trails North, there was a youngsta' named Jose T, who always freestyled everywhere he went. From kareokees to garage studios, from garage studios to legit, from house parties to stage shows, he showcased his skills. Most of his friends (bout 72) used the penatentary as a hotel, but being too smart to slip, Trails stayed on his P&Q's and is where he is today. He went from recording on kareokees to tascam cassettes to acid pro to pro tools. He went from making some Nawfside Noise to starting in the Pregame Show to earing Money Power Respect. You might have seen him performin at da Texas Showdown or Los Magnificos with them Phat Face boys. Now he's Money Hungry and his mixtape is a fa' show underground classic. Teamin up with Hazardiz (Hazardiz Productions) and Supa (Trails' brother), they have created Money Hungry Entertainment / Hazardiz Productionz. You gotta kinda feel bad for them other "so called" underground rappers, cuz Da Rap Phenomenon is here and ain't goin no where.
