"Vince Junior shows great skill and originality with his acoustic and resonator guitar work. His songs have a nice, funky groove to them, and are deceptively subtle with a nice turn of phrase." Dirty Linen "...In my opinion, with *Better Than A Wheel* (1997), Vince Junior made an ultimate masterpiece. Nothing less than absolutely recommended." Rootstown Magazine, Belgium "These are breath-of-fresh-air tunes...sit back, grab a cool drink, and plop this one in. Great acoustic material...traditionally respectful of folk, country and acoustic rockin' beats.(*Better Than a Wheel*) " Big City Blues
