Trip up the Vibe. 3ELEMENTS New Mind Blowing Rap-Pop-Sway Sound. 12 MP3 Songs HIP HOP/RAP: Rap, POP: Today's Top 40 3 Elements Songs Details: Product Review 3 ELEMENTS (CD) by Charlotte Hannon of Atlanta Music Group December 4, 2003 "A unseamed hone fusion of Hip-Hop, Rap, Sway and Melodic Pop put in a blender" A new genre of music / An exciting new sound! What is this? Pop? Sway? Hip-Hop? Rap?..... all of the above would be the correct answer. A unseamed hone fusion of Hip-Hop, Rap, Sway and Melodic Pop put in a blender, and delivered to us by three very talented individuals, is the make up of the 12 songs on the latest album by the group 3Elements. My head started swaying from the opening riffs of the first song "Now" , my foot started tapping in harmony on the second song "Apple Tree".....and by the time I got to the last song "Real Headz"...all of me had caught the groove. Interested from the get go, and still interested by the end, I can only say that no one song stood out as a standout: all of them were equally good, all of them delivered something a little different, and all of them could be a smash hit. These three (E-Bee, JayPee and Cee) make for a strong collaborative team, all bring something wonderful to the combined mix, their vocals compliment each other honely, their timing on delivery is hone, and the overall impression is, to sum it up in one word, "fresh". Hot tracks and a marvellously humorous lyrical flow are the satisfying aftertaste that one is left with. These three are only getting started and are starting at the top, who knows what new heights they'll scale or what as yet uncharted territory they'll discover and deliver to us on their musical adventures. Trip up the Vibe!
