down-home traditional and contemporary gospel that lifts heavy hearts and soothes troubled minds 9
MP3 Songs GOSPEL: Traditional Gospel, GOSPEL: Contemporary Gospel Details: For I am not
ashamed of the Gospel of Jesus Christ and it is because of Him and His goodness that I was inspired to
do this project, All Of A Sudden Joy as well as the CD "Doing What I Do Just To Praise Him. I am a wife,
mother, sister, aunt,cousin, christian, friend and the list goes on and on. I am the oldest girl of 13, 11 lived
to get to adulthood and it was 8 years before another girl child was born after me. It is my desire to please
God through speaking for him and singing for him. I want to tell all that I meet about this savior - this
friend of mine. This project makes it known to the world that He is looking for laborers, His shed blood set
us free, if you want to enter into the kingdom of God you must confess and believe. Included in this CD is
information about all of those that helped to make this project possible. It also includes the words to each
song. You will read so much information. This project is dedicated to so many loved ones that have gone
on before me. That is proof that God is good- that God is awesome and that his son Jesus Christ really
did send a comforter for us. I tell you after everything I have been through, it is only through the grace of
God that I can still write songs inspired by His word inviting others to get to know Him. You will note that
the title song "All Of A Sudden Joy" and The Master Is Looking For Laborers are done in two different
arrangements. I wrote All Of A Sudden Joy on 9-11-01. As you listen to the the slow version of the song
think back to that time and see if it comes alive in your spirit. If you are old enough to remember that time,
I became so distressed for many reasons that day until the only peace I could find was sitting at my
computer and penning the words to this song. Each television station was showing the devastation over
and over. The question came to mind What Do I DO While I Wait - Lord I don't Know the next step to take
- pain and suffering everywhere. Lord give us a sign that you still care. Then a small voice spoke softly to

me child I've never left you...and it goes on and on. Even though I did not think I had any relatives or close friends in that area at the time, because of what happened and how it happened, each person affected was my neighbor, my brother, my sister. When you purchase this CD you will hear music that will make you want to move, rather it be get up and pat your feet or just sway from side to side. As you listen to the music and the message therein my prayer is that you will be blessed and know that I do not care what it looks like in your life right now or no matter what you have been through, doesn't matter about the sleepless nights or tears that you shed - All Of A Sudden JOY!!!!
