Details: Well there's not much to my bio since I'm only 16 years old! I'm a somewhat normal Sophomore in High School who will sing just about anything, except rap. I have done many musicals, but right now I'm takin' a break from them to focus on my new CD. I want to thank everyone who has worked to make this CD possible. It was definitely a bumpy ride to get it done, (we even survived a tornado on the first night of recording), but it was an incredible experience I will never forget. Thank you God for making this possible and keeping me strong. Thank you to my parents for believing in me and supporting me every step of the way. Thank you to my sisters who have put up with my singing until they couldn't take it anymore, and to my grandparents who could never get enough of it! I also have to say thank you to the rest of my family and friends for showing up at all of my performances, and always being there to support me. You have no idea how much you all really do mean to me! I love you so much!!! I can't begin to describe how thankful I am to both of my producers. Wayne Carter for picking up the pieces and helping to make my dream come true. Wayne, thank you so much for not giving up on me and making this CD a reality. I also want to thank Billy Alexander for taking me under his wing and producing my vocals here in California, and also for teaching me how to play the guitar. I'm also very thankful to have the best vocal coach in the world, Andrew Boettner. Andy, you have taught me so much and I'm so grateful for all that you do. Thank you Mike Headrick, for the use of your awesome studio, Mikron Recording. I was so blessed to have the best songwriters and musician's, and everybody else who took part in helping to record my first CD. All of you were awesome to work with and I thank you so much for making this a wonderful experience. Thank you to everyone who buys my new CD, and if you do, you are definitely my best friend!! haha. :) Love You all
