There hasn't been an industry buzz like this coming out of OHIO since Bone, Thugs and Harmony. Ohio is an open market for a new voice in Hip Hop. With clever lyrics, catchy hooks and distinctive rhymes, the LOTTO embodies the new generation of MC's. This Cincinnati native sought refuge from some of the negativity in the street life by moving to ATL where he resides and currently putting the finishing touches on his 3rd independent CD "Game-N-Fortune". From his life experiences, STREET LOTTO expresses his blood, sweat and tears on every bangin track. The debut video "Ohio Plairz" is a sample of the lifestyle of "real" plairz in the game and not just someone who is promoting an image. What you see is what you get with LOTTO and he represents for not only Cincinnati, but the entire state of Ohio. The video has been aired on B.E.T and Bassment Flavors. STREET LOTTO is the first artist coming out of the Street Lotto Music Group (SL Music). "Street Lotto is all about taking chances to elevate your game in life and always play to win" says LOTTO. The Street Lotto Music Group plans to start an Ohio College promo tour and continue to expose the STREET LOTTO Midwest/Durrty South flow to the masses. STREET LOTTO has finally arrived in this evolving rap game and has all the right elements to be hip-hop's new unstoppable force!
