The guys in the band found the Southern experience to be a tapestry of contradiction and harmonyand the birthplace of Americas greatest musicjazz, blues, gospel, and rock and roll. So they crafted a record that is both a chronicle of disillusionment and an optimistic story of reconciliation with yourself and your world. This isnt exactly a concept record, says drummer Jared Lace, but when we put the album together, we thought about the common progression of experiences weve all had over the last few yearsgoing from a place of almost stubborn confidence, to a feeling of loss and confusion, and finally to a place of peace and hope. When Im Through Making Peace is a pop/rock record, but also something more organic. This record is who we are, says bassist and piano player Mike Jeter, crafted by us, written by us, and produced by us. In that way, its also an indie record. First and foremost we are songwriters and we bring these songs to life with your basic rock arrangementguitar, bass, drums and a little organ or piano. Theres nothing programmed on this record its as authentic as we could make it. Its that basic rock formula that is the foundation of The Redaction. The roots are the rock of the 60s and 70s, which filled the CDs and mixed tapes of the guys childhoods. Says lead singer and guitarist Andy Yates, In Montgomery, the rock thats on the radio, even to this day, is classic rock. So I got my musical education at the feet of bands like the Beatles, Led Zeppelin, Eric Clapton, Jimi Hendrix. People in the South have never stopped listening to that stuff singable melodies, strong hooks, and the guitar-bass-drum arrangement. I guess at its core, its Southern musicrhythm and blues. These musical influences are evident in The Redactions music. Its in the way they play: Andys blues-driven guitar, Jareds melodic backbeat, and Mikes soul-inspired bass and keys.

Its in the way the band writes: focusing on strong melodies, clear hooks, and judicious repetition. And its in the topics they choose to explore: coming of age in a stifling place, the conflict between wealth and peace, and how to make sense of religion and faith. Take a listen to When Im Through Making Peace, and youll see how it comes together. From the guitar bends of The Next Big Thing, to the jazz-inspired bass line of Just You Wait and See, to the pulsing rhythms of You Wont Returnits classic and fresh, contemplative and carefree all at the same time. Before producing its current album, The Redaction released its Brand New Year EP in 2006. The single from this record, "Southside," won an on-air contest on Star 94, an Atlanta top-40 station. This win earned The Redaction a spot at the Starfest music festival, where the band opened for artists including Train, Pink, and Nickel Creek. They have spent much of the last couple years touring the Southeast US.
